Payment may be Check, Credit Card or PayPal

### Selecting the Best Tripod or Monopod for Your Needs

All UNI-LOC tripods utilize a fast, single locking bent-bolt system, which locks the legs and center post in position with a quick twist. There are two sizes of UNI-LOC Tripods and Monopods, the 'Standard Series', which are made from 1.250" (30mm) outer tubes and 1" (25mm) inner tubes and the heavy-duty 'Major Series', which are made from 1.375" (35mm) outer tubes and 1.125" (28mm) inner tubes.

Both the **Standard** and the **Major** series come with a one-piece center column. The size and weight of your equipment will dictate the ones that will meet your requirements. You will want to review the working height, collapsed height and weight shown in the specifications.

If your normal tripod takes forever to set-up, you need one of our fast set-up solid tripods. The lower sections are fully sealed with spiked feet (toe-point) and can be immersed in mud and water. Non-slip rubber feet are included with each tripod for indoor use.

### Standard Tripods

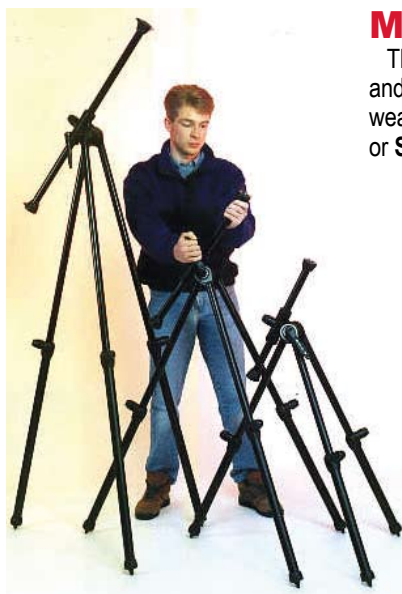

The UNI-LOC 'Standard Series' tripod is our general use tripod and is ideal for outdoor or indoor photography, videography, bird watching and astronomy. It is often called a 'life saver' when you're in difficult uneven or rugged working conditions. **Series 25 or 30 Ball Heads** or **Series 20 Pan Heads** are best suited for use with these tripods.

<b>Standard Tripods</b>	(maximum working height / folded length / weight)	
<b>1600</b>	Model 1600 Tripod w/2 section legs	(60"/32"/5.3 lbs.) <b>\$269.</b>
<b>TT</b>	Table Top Tripod	(20"/15"/2.9 lbs.) <b>\$165.</b>

#### Standard Tripod Accessories

<b>SAJ</b>	180 Degree Angle Joint	<b>\$105.</b>
<b>SCCTB</b>	Center Column Tilt Bracket	<b>\$120.</b>
<b>MICB</b>	Carrying Case for 1600 Tripod	<b>\$69.</b>
<b>SCS</b>	Carrying Strap for All Models	<b>\$22.</b>

### Major Tripods

This is our heavy-duty tripod designed for use by professional photographers and videographers. They are strong and provide essential stability when using heavy equipment and large lenses. UNI-LOC tripods perform in all weather and rugged ground conditions. 'Major Series' tripods have two section legs. **Series 30 or 60 Ball Heads** or **Series 35 Pan Heads** are best suited for use with these tripods.

*Major System Tripod*

<b>Major Tripods</b>	(maximum working height / folded length / weight)	
<b>MA1220</b>	Major 1220 Tripod	(48"/27"/6.8 lbs.) <b>\$305.</b>
<b>MA1600</b>	Table Major 1600 Tripod	(63"/31"/7.5 lbs.) <b>\$345.</b>
<b>MA2300</b>	Major 2300 Tripod	(94"/41"/8.6 lbs.) <b>\$415.</b>

#### Major Tripod Accessories

<b>MACCTB</b>	Major Tripod Center Column Tilt Bracket	<b>\$120.</b>
<b>AJ</b>	180 Degree Variable Joint	<b>\$105.</b>

<b>MACCTP</b>	Major Tripod Center Column Tilt Platform	<b>\$120.</b>
<b>MASYST</b>	Major System Tripod Table Top Leg Set (3)	<b>\$120.</b>
<b>90AP</b>	90 degree Angle Plate	<b>\$70.</b>
<b>AK4</b>	Allen Key (4mm)	<b>\$2.</b>

### System Tripods for the Standard and Major Series

If you need additional center column flexibility from your tripod you may choose to upgrade to a **System Tripod**, which is available for both 'Standard Series' and 'Major Series' tripods. **System Tripods** have a 90-degree joint mounted on a three-piece center column, to increase camera positions. **Standard System Tripods** are all variations of the S1700.

With the turn of an Allen key, the **System Tripods** can be transformed into a Monopod, a walking stick, and a tabletop tripod or adapted in the field to service various other needs that a conventional tripod can't do. The center column on all **System Tripods** can be shortened, if needed, by removing a section of the column.

#### Standard System Tripods

		(maximum working height / folded length / weight)	
<b>S1700</b>	System 1700 Tripod	(68.75"/31.25"/6.6 lbs.)	<b>\$349.</b>

## Duopod (Universal product for use with any Monopod.)

The **DuoPod** is a cleverly designed bracket that will fit on all types of Monopods. It provides a brace between the user and a monopod through an adjustable footpad or under arm pad that increases support and stability.

Both hands can then be free to operate or adjust your equipment, providing control when changing lenses, videotape, memory card or film. In addition, it enables the user to smoothly 'pan' shots and follow action.

There are two sizes available, the **DPA** for **Standard Series** monopods (lighter weight equipment) and the **DPK** for **UNI-LOC Major Series** monopods (professional use and heavier equipment). Specifications shown after description are the suitable **leg diameter** and **weight**.

Bracket  
added to  
Monopod  
becomes  
a Duopod

### Standard System Duopod Bracket

<b>DPA</b>	Duopod Bracket for legs 20-30mm ( 1.5 lbs.)	<b>\$139.</b>
------------	---	---------------

### Major System Duopod Bracket

<b>DPK</b>	Duopod <u>PRO</u> Bracket <b>ONLY fits 35mm legs</b> ( 2.6 lbs.)	<b>\$225.</b>
------------	--	---------------

**UC**  
Universal Clamp

**TC**  
Table Clamp

**TCCK**  
Table Clamp  
and Column Kit

## Clamps

**UNI-LOC** makes two clamps. The **Universal Clamp (UC)** is a simple compact device that creates a solid working platform in any location from a lamppost to a tree branch. It can be attached to a wheel chair or a racing car by using the adjustable locking strap. It is furnished with a standard 1/4" tripod screw and adjustable plate to adjust to the desired mounting position.

The **Table Clamp (TC)** is a heavy-duty 'G' clamp (made from extruded aluminum alloy). It can be attached to any surface thickness of 1 1/2" (38mm) or less. The **TC** clamp is fitted with a standard 1/4" tripod screw and it can also be attached to the **UNI-LOC System** center column for increased flexibility and range. The **TCCK** is a **TC** table clamp with the swivel and extension arm to provide tremendous flexibility.

### Clamps

		( dimensions / weight )	
<b>UC</b>	Universal Clamp	( 8" x 1.750" x 1.750" / 5.5 lbs.)	<b>\$59.</b>
<b>TC</b>	Table Clamp	( 3" x 3" x 1.4" / .41 lbs.)	<b>\$59.</b>
<b>TCCK</b>	Table Clamp and Column Kit		<b>\$125.</b>

## Tripod Accessories, Adapters and Converter Plates

**SCCTB or MACCTB**  
Standard Series or Major Series  
Center Column Tilt Bracket
